

DEGREE MAP

The following sequence is an example of how this degree can be completed in two years. This sequence is based on satisfaction of all Basic Skills requirements and prerequisites, and presumes a fall start date. An individual's program may vary depending on transfer institution, career objectives, or individual needs. See your counselor for other options and to monitor your progress.

Program Name: Nursing-Associate of Applied Science Degree

Location(s) Offered:

Sierra Vista Campus (Requires one year of program prerequisites.)

Learning Outcomes: *Students who successfully complete this program will be able to do the following:*

1. Deliver safe, competent, and quality patient-centered nursing care.
2. Integrate biopsychosocial and scientific principles when providing technically competent care to groups of individuals and families in a variety of healthcare settings.
3. Implement the nursing process, quality care, safety, caring, the wellness continuum, and lifespan diversity in providing care.
4. Collaborate as a healthcare team member to manage the care of groups of individuals and families in a variety of healthcare settings.
5. Delegate activities appropriately to manage the care of groups of individuals and families in a variety of healthcare settings.
6. Utilize critical thinking skills, evidence-based practice, teamwork, and informatics to manage care.
7. Demonstrate culturally sensitive, professional values and behaviors in legal and ethical situations.
8. Exhibit accountability, lifelong learning, and dedication to the roles and responsibilities of the nursing profession.

Course or program prerequisite(s) not included in the degree:
